# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th *Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?
- In your opinion, are there projects that should—or should not—be funded with this type of tax?
- Would you prefer to see a 1% *Specific Purpose Tax* on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

## PLEASE REVIEW "JUST THE FACTS" DOCUMENT BEFORE COMPLETING SURVEY

**Q1.** Before receiving the enclosed information, how much had you read, seen or heard about Park County considering placing a 1% General Purpose Sales & Use Tax on the November 2016 ballot? **(Please check one)**

- A lot
- Some
- Hardly anything
- Nothing at all

**Q2.** Many residents are not familiar with the ins and outs of the 1% General Purpose Sales & Use Tax, including how the tax is calculated, the types of purchases that are exempt and the percentage of revenues that go back to local governments. Before receiving the enclosed information, how familiar were you with the details of this tax? **(Please check one)**

- A lot
- Some
- A Little
- Nothing at all

**Q3.** There are a number of projects that the proposed 1% General Purpose Tax would address (as further detailed in the enclosed Fact Sheet). On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Repairing Park County's bridges that are in the greatest need of improvements.	1	2	3	④	5
b) Repairing or replacing roadways in Park County to extend their useful life and enhance vehicle safety.	1	②	3	4	5
c) Constructing a water storage tank off of Beacon Hill in Cody to improve fire protection, water storage and water system maintenance.	①	2	3	4	5
d) Upgrading Cody's wastewater lagoon system, parts of the existing storm drainage system, and irrigation system improvements.	1	②	3	4	5
e) Completing ADA ramp projects throughout Cody to improve accessibility for persons with disabilities.	①	2	3	4	5
f) Reconstructing Beacon Hill Road and a section of Sheridan Avenue, as well as 29th Street curb, gutter and sidewalk improvements in Cody.	①	2	3	4	5
g) Improvements in Powell along Absaroka Street (from Third to Seventh), including rebuilding the water line; street widening; storm drains; curb, gutter and sidewalks; trees; and ADA projects.	①	2	3	4	5
h) Storm drainage improvements along Division Street in Powell—from Avenue E to Seventh Street—including ADA ramps at corners, as well as improvements to Grand Street (overlay), widening of A,B,C and D avenues, and repaving of Seventh Street (from Bernard to Division).	①	2	3	4	5
i) Water, sewer, street and solid waste management projects in Meeteetse, including 65-year-old water distribution line replacement along Hwy 290, water treatment plant and tank improvements, fire hydrant upgrades, pump station rehabilitation, storm drain and street chip sealing.	①	2	3	4	5

**Q4.** Some residents would like to see a 1% General Purpose Tax fund non-infrastructure projects. On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Recreation-related projects like bike paths, ball fields, horse trails and skate parks.	①	2	3	4	5
b) Funding for community groups and organizations like senior citizen centers, food banks and Boys and Girls Clubs.	①	2	3	4	5
c) Endowments to go toward operating costs of swimming pools, recreation centers and similar facilities.	①	2	3	4	5

**Q5.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ | Very<br>Convincing |
|--|--------------------------|--------|--------------------|
| a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects.  | 1                        | (2)    | 3    4    5        |
| b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.     | (1)                      | 2      | 3    4    5        |
| c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.   | 1                        | (2)    | 3    4    5        |
| d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.   | (1)                      | 2      | 3    4    5        |
| e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.   | 1                        | (2)    | 3    4    5        |
| f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.    | 1                        | (2)    | 3    4    5        |
| g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County. | 1                        | (2)    | 3    4    5        |

**Q6.** Following are some arguments people have made against Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote AGAINST Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ | Very<br>Convincing |
|--|--------------------------|--------|--------------------|
| a) The State already has in place a 4% sales tax. Adding another 1% sales and use tax is a 25% increase. That's too much of a tax burden.  | 1                        | 2      | 3    4    (5)      |
| b) With the oil and gas industry struggling statewide, now is not the time to be increasing taxes.   | 1                        | 2      | 3    4    (5)      |
| c) Park County, Cody, Powell and Meeteetse should be setting aside existing tax dollars to tackle large infrastructure projects, rather than raising taxes.  | 1                        | 2      | 3    4    (5)      |
| d) Local retailers could be negatively impacted from a 1% sales and use tax increase as a result of fewer purchases being made within Park County.   | 1                        | 2      | (3)    4    5      |
| e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income.  | 1                        | 2      | (3)    4    5      |
| f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years.                          | 1                        | 2      | 3    4    (5)      |
| g) It makes more sense for Park County to pursue a 1% Specific Purpose Tax rather than a 1% General Purpose Tax. The 1% Specific Purpose Tax goes away once the specific projects are fully funded. (Refer to Fact Sheet for additional details regarding the difference between these two taxes.) | 1                        | 2      | 3    4    (5)      |

# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or *5th Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?
- In your opinion, are there projects that should—or should not—be funded with this type of tax?
- Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

## You have the final word. Always.

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

## PLEASE REVIEW "JUST THE FACTS" DOCUMENT BEFORE COMPLETING SURVEY

- A lot  
 Some  
 Hardly anything  
 Nothing at all

**Q2.** Many residents are not familiar with the ins and outs of the 1% General Purpose Sales & Use Tax, including how the tax is calculated, the types of purchases that are exempt and the percentage of revenues that go back to local governments. Before receiving the enclosed information, how familiar were you with the details of this tax? **(Please check one)**

- A lot

 A Little  
 Nothing at all

**Q3.** There are a number of projects that the proposed 1% General Purpose Tax would address (as further detailed in the enclosed Fact Sheet). On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Repairing Park County's bridges that are in the greatest need of improvements.	1	2	3	4	5
b) Repairing or replacing roadways in Park County to extend their useful life and enhance vehicle safety.	1	2	3	4	5
c) Constructing a water storage tank off of Beacon Hill in Cody to improve fire protection, water storage and water system maintenance.	1	2	3	4	5
d) Upgrading Cody's wastewater lagoon system, parts of the existing storm drainage system, and irrigation system improvements.	1	2	3	4	5
e) Completing ADA ramp projects throughout Cody to improve accessibility for persons with disabilities.	1	2	3	4	5
f) Reconstructing Beacon Hill Road and a section of Sheridan Avenue, as well as 29th Street curb, gutter and sidewalk improvements in Cody.	1	2	3	4	5
g) Improvements in Powell along Absaroka Street (from Third to Seventh), including rebuilding the water line; street widening; storm drains; curb, gutter and sidewalks; trees; and ADA projects.	1	2	3	4	5
h) Storm drainage improvements along Division Street in Powell—from Avenue E to Seventh Street—including ADA ramps at corners, as well as improvements to Grand Street (overlay), widening of A,B,C and D avenues, and repaving of Seventh Street (from Bernard to Division).	1	2	3	4	5
i) Water, sewer, street and solid waste management projects in Meeteetse, including 65-year-old water distribution line replacement along Hwy 290, water treatment plant and tank improvements, fire hydrant upgrades, pump station rehabilitation, storm drain and street chip sealing.	1	2	3	4	5

**Q4.** Some residents would like to see a 1% General Purpose Tax fund non-infrastructure projects. On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Recreation-related projects like bike paths, ball fields, horse trails and skate parks.	1	2	3	4	5
b) Funding for community groups and organizations like senior citizen centers, food banks and Boys and Girls Clubs.	1	2	3	4	5
c) Endowments to go toward operating costs of swimming pools, recreation centers and similar facilities.	1	2	3	4	5

**Q5.** Following are some arguments people have made against Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote AGAINST Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

Not At All Convincing ←————→ Very Convincing

- a) The State already has in place a 4% sales tax. Adding another 1% sales and use tax is a 25% increase. That's too much of a tax burden. 1   2   3   4   5

---

- b) With the oil and gas industry struggling statewide, now is not the time to be increasing taxes. 1   2   3   4   5

---

- c) Park County, Cody, Powell and Meeteetse should be setting aside existing tax dollars to tackle large infrastructure projects, rather than raising taxes. 1   2   3   4   5

---

- d) Local retailers could be negatively impacted from a 1% sales and use tax increase as a result of fewer purchases being made within Park County. 1   2   3   4   5

---

- e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income. 1   2   3   4   5

---

- f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years. 1   2   3   4   5

---

- g) It makes more sense for Park County to pursue a 1% Specific Purpose Tax rather than a 1% General Purpose Tax. The 1% Specific Purpose Tax goes away once the specific projects are fully funded. (Refer to Fact Sheet for additional details regarding the difference between these two taxes.) 1   2   3   4   5

**Q6.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

Not At All Convincing ←————→ Very Convincing

- a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects. 1   2   3   4   5

---

- b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax. 1   2   3   4   5

---

- c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue. 1   2   3   4   5

---

- d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse. 1   2   3   4   5

---

- e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment. 1   2   3   4   5

---

- f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County. 1   2   3   4   5

---

- g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County. 1   2   3   4   5

# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th *Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?
- In your opinion, are there projects that should—or should not—be funded with this type of tax?
- Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

## PLEASE REVIEW "JUST THE FACTS" DOCUMENT BEFORE COMPLETING SURVEY

**Q3.** There are a number of projects that the proposed 1% General Purpose Tax would address (as further detailed in the enclosed Fact Sheet). On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Repairing Park County's bridges that are in the greatest need of improvements.	1	2	3	4	5
b) Repairing or replacing roadways in Park County to extend their useful life and enhance vehicle safety.	1	2	3	4	5
c) Constructing a water storage tank off of Beacon Hill in Cody to improve fire protection, water storage and water system maintenance.	1	2	3	4	5
d) Upgrading Cody's wastewater lagoon system, parts of the existing storm drainage system, and irrigation system improvements.	1	2	3	4	5
e) Completing ADA ramp projects throughout Cody to improve accessibility for persons with disabilities.	1	2	3	4	5
f) Reconstructing Beacon Hill Road and a section of Sheridan Avenue, as well as 29th Street curb, gutter and sidewalk improvements in Cody.	<del>1</del>	2	3	4	5
g) Improvements in Powell along Absaroka Street (from Third to Seventh), including rebuilding the water line; street widening; storm drains; curb, gutter and sidewalks; trees; and ADA projects.	1	2	3	4	5
h) Storm drainage improvements along Division Street in Powell—from Avenue E to Seventh Street—including ADA ramps at corners, as well as improvements to Grand Street (overlay), widening of A,B,C and D avenues, and repaving of Seventh Street (from Bernard to Division).	1	2	3	4	5
i) Water, sewer, street and solid waste management projects in Meeteetse, including 65-year-old water distribution line replacement along Hwy 290, water treatment plant and tank improvements, fire hydrant upgrades, pump station rehabilitation, storm drain and street chip sealing.	1	2	3	4	5

**Q4.** Some residents would like to see a 1% General Purpose Tax fund non-infrastructure projects. On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Recreation-related projects like bike paths, ball fields, horse trails and skate parks.	1	2	3	4	5
b) Funding for community groups and organizations like senior citizen centers, food banks and Boys and Girls Clubs.	1	2	3	4	5
c) Endowments to go toward operating costs of swimming pools, recreation centers and similar facilities.	1	2	3	4	5

**Q5.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ |     |   | Very<br>Convincing |
|--|--------------------------|--------|-----|---|--------------------|
|  | 1                        | 2      | 3   | 4 | 5                  |
| a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects.  | 1                        | 2      | (3) | 4 | 5                  |
| b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.     | 1                        | 2      | (3) | 4 | 5                  |
| c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.   | 1                        | 2      | (3) | 4 | 5                  |
| d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.   | 1                        | 2      | (3) | 4 | 5                  |
| e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.   | 1                        | 2      | (3) | 4 | 5                  |
| f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.    | 1                        | 2      | (3) | 4 | 5                  |
| g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County. | 1                        | 2      | (3) | 4 | 5                  |

**Q6.** Following are some arguments people have made against Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote AGAINST Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ |     |   | Very<br>Convincing |

|  | 1                        | 2      | 3   | 4 | 5                  |
| a) The State already has in place a 4% sales tax. Adding another 1% sales and use tax is a 25% increase. That's too much of a tax burden.  | 1                        | 2      | 3   | 4 | (5)                |
| b) With the oil and gas industry struggling statewide, now is not the time to be increasing taxes.   | 1                        | 2      | 3   | 4 | (5)                |
| c) Park County, Cody, Powell and Meeteetse should be setting aside existing tax dollars to tackle large infrastructure projects, rather than raising taxes.  | 1                        | 2      | 3   | 4 | (5)                |
| d) Local retailers could be negatively impacted from a 1% sales and use tax increase as a result of fewer purchases being made within Park County.   | 1                        | 2      | (3) | 4 | 5                  |
| e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income.  | 1                        | 2      | (3) | 4 | 5                  |
| f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years.                          | 1                        | 2      | 3   | 4 | (5)                |
| g) It makes more sense for Park County to pursue a 1% Specific Purpose Tax rather than a 1% General Purpose Tax. The 1% Specific Purpose Tax goes away once the specific projects are fully funded. (Refer to Fact Sheet for additional details regarding the difference between these two taxes.) | 1                        | 2      | 3   | 4 | (5)                |

This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.                                     | 1                        | 2      | 3 | 4 | 5                  |
| c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.   | 1                        | 2      | 3 | 4 | 5                  |
| d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.   | 1                        | 2      | 3 | 4 | 5                  |
| e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.   | 1                        | 2      | 3 | 4 | 5                  |
| f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.<br><i>They're still Americans!</i> | 1                        | 2      | 3 | 4 | 5                  |
| g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County.                                 | 1                        | 2      | 3 | 4 | 5                  |

*I am dismayed at the dismissive tone I have heard on KODI when our representatives are on "selling" this tax proposal. Several times they dismissed some people as "just anti-tax" in a very pejorative way. These are supposed to be representatives of ALL constituents of Park County & NOT just of those who agree with this tax! Very disappointed indeed!*

**Thank you for participating!**

**Q11.** What more would you like to know, or what question(s) would you like answered, about the proposed 1% General Purpose Tax?

*None. Gov't needs to set aside \$ and prioritize expenses just AS Park County Families do.*

**Q12.** What other community improvement projects, if any, should be included as part of the 1% General Purpose Tax proposal if pursued this fall?

*None. The motto should be "when in doubt, do without." That applies to my family, why not Park County?*

# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th *Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?
- In your opinion, are there projects that should—or should not—be funded with this type of tax?
- Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

## You have the final word. Always.

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

## PLEASE REVIEW "JUST THE FACTS" DOCUMENT BEFORE COMPLETING SURVEY

**Q1.** Before receiving the enclosed information, how much had you read, seen or heard about Park County considering placing a 1% General Purpose Sales & Use Tax on the November 2016 ballot? **(Please check one)**

- A lot  
 Some  
 Hardly anything  
 Nothing at all

**Q2.** Many residents are not familiar with the ins and outs of the 1% General Purpose Sales & Use Tax, including how the tax is calculated, the types of purchases that are exempt and the percentage of revenues that go back to local governments. Before receiving the enclosed information, how familiar were you with the details of this tax? **(Please check one)**

- A lot  
 Some  
 A Little  
 Nothing at all

**Q3.** There are a number of projects that the proposed 1% General Purpose Tax would address (as further detailed in the enclosed Fact Sheet). On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Repairing Park County's bridges that are in the greatest need of improvements.	1	2	3	4	5
b) Repairing or replacing roadways in Park County to extend their useful life and enhance vehicle safety.	1	2	3	4	5
c) Constructing a water storage tank off of Beacon Hill in Cody to improve fire protection, water storage and water system maintenance.	1	2	3	4	5
d) Upgrading Cody's wastewater lagoon system, parts of the existing storm drainage system, and irrigation system improvements.	1	2	3	4	5
e) Completing ADA ramp projects throughout Cody to improve accessibility for persons with disabilities.	1	2	3	4	5
f) Reconstructing Beacon Hill Road and a section of Sheridan Avenue, as well as 29th Street curb, gutter and sidewalk improvements in Cody.	1	2	3	4	5
g) Improvements in Powell along Absaroka Street (from Third to Seventh), including rebuilding the water line; street widening; storm drains; curb, gutter and sidewalks; trees; and ADA projects.	1	2	3	4	5
h) Storm drainage improvements along Division Street in Powell—from Avenue E to Seventh Street—including ADA ramps at corners, as well as improvements to Grand Street (overlay), widening of A,B,C and D avenues, and repaving of Seventh Street (from Bernard to Division).	1	2	3	4	5
i) Water, sewer, street and solid waste management projects in Meeteetse, including 65-year-old water distribution line replacement along Hwy 290, water treatment plant and tank improvements, fire hydrant upgrades, pump station rehabilitation, storm drain and street chip sealing.	1	2	3	4	5

**Q4.** Some residents would like to see a 1% General Purpose Tax fund non-infrastructure projects. On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Recreation-related projects like bike paths, ball fields, horse trails and skate parks.	1	2	3	4	5
b) Funding for community groups and organizations like senior citizen centers, food banks and Boys and Girls Clubs.	1	2	3	4	5
c) Endowments to go toward operating costs of swimming pools, recreation centers and similar facilities.	1	2	3	4	5

**Q5.** Following are some arguments people have made against Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote AGAINST Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ |   |   | Very<br>Convincing |
|--|--------------------------|--------|---|---|--------------------|
|  | 1                        | 2      | 3 | 4 | 5                  |
| a) The State already has in place a 4% sales tax. Adding another 1% sales and use tax is a 25% increase. That's too much of a tax burden.  | 1                        |        |   |   |                    |
| b) With the oil and gas industry struggling statewide, now is not the time to be increasing taxes.   | 1                        |        |   |   |                    |
| c) Park County, Cody, Powell and Meeteetse should be setting aside existing tax dollars to tackle large infrastructure projects, rather than raising taxes.  | 1                        |        |   |   |                    |
| d) Local retailers could be negatively impacted from a 1% sales and use tax increase as a result of fewer purchases being made within Park County.   | 1                        |        |   |   |                    |
| e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income.  | 1                        |        |   |   |                    |
| f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years.                          | 1                        |        |   |   |                    |
| g) It makes more sense for Park County to pursue a 1% Specific Purpose Tax rather than a 1% General Purpose Tax. The 1% Specific Purpose Tax goes away once the specific projects are fully funded. (Refer to Fact Sheet for additional details regarding the difference between these two taxes.) | 1                        | 2      | 3 | 4 | 5                  |

**Q6.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ |   |   | Very<br>Convincing |
|--|--------------------------|--------|---|---|--------------------|
|  | 1                        | 2      | 3 | 4 | 5                  |
| a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects.  |                          |        |   |   | 5                  |
| b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.     |                          |        |   |   | 5                  |
| c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.   |                          |        |   |   | 5                  |
| d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.   |                          |        |   |   | 5                  |
| e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.   |                          |        |   |   | 5                  |
| f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.    |                          |        |   |   | 5                  |
| g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County. |                          |        |   |   | 5                  |

**Q4.** Some residents would like to see a 1% General Purpose Tax fund non-infrastructure projects. On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Recreation-related projects like bike paths, ball fields, horse trails and skate parks.	1	2	3	4	5
b) Funding for community groups and organizations like senior citizen centers, food banks and Boys and Girls Clubs.	1	2	3	4	5
c) Endowments to go toward operating costs of swimming pools, recreation centers and similar facilities.	1	2	3	4	5

**Q5.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ |   |   | Very<br>Convincing |
|--|--------------------------|--------|---|---|--------------------|
|  | 1                        | 2      | 3 | 4 | 5                  |
| a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects.  | 1                        | 2      | 3 | 4 | 5                  |
| b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.     | 1                        | 2      | 3 | 4 | 5                  |
| c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.   | 1                        | 2      | 3 | 4 | 5                  |
| d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.   | 1                        | 2      | 3 | 4 | 5                  |
| e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.   | 1                        | 2      | 3 | 4 | 5                  |
| f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.    | 1                        | 2      | 3 | 4 | 5                  |
| g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County. | 1                        | 2      | 3 | 4 | 5                  |

**Q6.** Following are some arguments people have made against Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote AGAINST Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

| a) The State already has in place a 4% sales tax. Adding another 1% sales and use tax is a 25% increase. That's too much of a tax burden.  | 1                        | 2      | 3 | 4 | 5                  |
| b) With the oil and gas industry struggling statewide, now is not the time to be increasing taxes.   | 1                        | 2      | 3 | 4 | 5                  |
| c) Park County, Cody, Powell and Meeteetse should be setting aside existing tax dollars to tackle large infrastructure projects, rather than raising taxes.  | 1                        | 2      | 3 | 4 | 5                  |
| d) Local retailers could be negatively impacted from a 1% sales and use tax increase as a result of fewer purchases being made within Park County.   | 1                        | 2      | 3 | 4 | 5                  |
| e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income.  | 1                        | 2      | 3 | 4 | 5                  |
| f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years.                          | 1                        | 2      | 3 | 4 | 5                  |
| g) It makes more sense for Park County to pursue a 1% Specific Purpose Tax rather than a 1% General Purpose Tax. The 1% Specific Purpose Tax goes away once the specific projects are fully funded. (Refer to Fact Sheet for additional details regarding the difference between these two taxes.) | 1                        | 2      | 3 | 4 | 5                  |

# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th *Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- **What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?**
- **In your opinion, are there projects that should—or should not—be funded with this type of tax?**
- **Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?**

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

e) Completing ADA ramp projects throughout Cody to improve accessibility for persons with disabilities.	1	2	3	(4)	5
f) Reconstructing Beacon Hill Road and a section of Sheridan Avenue, as well as 29th Street curb, gutter and sidewalk improvements in Cody.	1	2	3	(4)	5
g) Improvements in Powell along Absaroka Street (from Third to Seventh), including rebuilding the water line; street widening; storm drains; curb, gutter and sidewalks; trees; and ADA projects.	1	2	3	(4)	5
h) Storm drainage improvements along Division Street in Powell—from Avenue E to Seventh Street—including ADA ramps at corners, as well as improvements to Grand Street (overlay), widening of A,B,C and D avenues, and repaving of Seventh Street (from Bernard to Division).	1	2	(3)	4	5
i) Water, sewer, street and solid waste management projects in Meeteetse, including 65-year-old water distribution line replacement along Hwy 290, water treatment plant and tank improvements, fire hydrant upgrades, pump station rehabilitation, storm drain and street chip sealing.	1	2	(3)	4	5

**Q4.** Some residents would like to see a 1% General Purpose Tax fund non-infrastructure projects. On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Recreation-related projects like bike paths, ball fields, horse trails and skate parks.	(1)	2	3	4	5

c) Endowments to go toward operating costs of swimming pools, recreation centers and similar facilities.	1	2	(3)	4	5

**Q5.** Following are some arguments people have made against Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote AGAINST Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

	Not At All Convincing	←————→			Very Convincing
a) The State already has in place a 4% sales tax. Adding another 1% sales and use tax is a 25% increase. That's too much of a tax burden.	<del>1</del>	2	3	4	5
b) With the oil and gas industry struggling statewide, now is not the time to be increasing taxes.	1	2	3	4	5
c) Park County, Cody, Powell and Meeteetse should be setting aside existing tax dollars to tackle large infrastructure projects, rather than raising taxes.	1	2	3	4	5
d) Local retailers could be negatively impacted from a 1% sales and use tax increase as a result of fewer purchases being made within Park County.	1	2	3	4	5
e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income.	1	2	3	4	5
f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years.	1	2	3	4	5
g) It makes more sense for Park County to pursue a 1% Specific Purpose Tax rather than a 1% General Purpose Tax. The 1% Specific Purpose Tax goes away once the specific projects are fully funded. (Refer to Fact Sheet for additional details regarding the difference between these two taxes.)	1	2	3	4	5

**Q6.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

	Not At All Convincing	←————→			Very Convincing
a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects.	1	2	3	4	5
b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.	1	2	3	4	5
c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.	1	2	3	4	5
d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.	1	2	3	4	5
e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.	1	2	3	4	5
f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.	1	2	3	4	5
g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County.	1	2	3	4	5

# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th Cent Tax). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?
- In your opinion, are there projects that should—or should not—be funded with this type of tax?
- Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th *Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?
- In your opinion, are there projects that should—or should not—be funded with this type of tax?
- Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

c) Endowments to go toward operating costs of swimming pools, recreation centers and similar facilities.	1	2	3	4	5

**Q5.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ |   |   | Very<br>Convincing |
|--|--------------------------|--------|---|---|--------------------|
| a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects.  | 1                        | 2      | 3 | 4 | 5                  |
| b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.     | 1                        | 2      | 3 | 4 | 5                  |
| c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.   | 1                        | 2      | 3 | 4 | 5                  |
| d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.   | 1                        | 2      | 3 | 4 | 5                  |
| e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.   | 1                        | 2      | 3 | 4 | 5                  |
| f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.    | 1                        | 2      | 3 | 4 | 5                  |
| g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County. | 1                        | 2      | 3 | 4 | 5                  |

| e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income.  | 1                        | 2      | 3 | 4 | 5                  |
| f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years.                          | 1                        | 2      | 3 | 4 | 5                  |

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th *Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- **What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?**
- **In your opinion, are there projects that should—or should not—be funded with this type of tax?**
- **Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?**

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th *Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- **What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?**
- **In your opinion, are there projects that should—or should not—be funded with this type of tax?**
- **Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?**

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

## PLEASE REVIEW "JUST THE FACTS" DOCUMENT BEFORE COMPLETING SURVEY

**Q1.** Before receiving the enclosed information, how much had you read, seen or heard about Park County considering placing a 1% General Purpose Sales & Use Tax on the November 2016 ballot? **(Please check one)**

- A lot
- Some
- Hardly anything
- Nothing at all

**Q2.** Many residents are not familiar with the ins and outs of the 1% General Purpose Sales & Use Tax, including how the tax is calculated, the types of purchases that are exempt and the percentage of revenues that go back to local governments. Before receiving the enclosed information, how familiar were you with the details of this tax? **(Please check one)**

- A lot
- Some
- A Little
- Nothing at all

**Q3.** There are a number of projects that the proposed 1% General Purpose Tax would address (as further detailed in the enclosed Fact Sheet). On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Repairing Park County's bridges that are in the greatest need of improvements.	1	2	3	4	5
b) Repairing or replacing roadways in Park County to extend their useful life and enhance vehicle safety.	1	2	3	4	5
c) Constructing a water storage tank off of Beacon Hill in Cody to improve fire protection, water storage and water system maintenance.	1	2	3	4	5
d) Upgrading Cody's wastewater lagoon system, parts of the existing storm drainage system, and irrigation system improvements.	1	2	3	4	5
e) Completing ADA ramp projects throughout Cody to improve accessibility for persons with disabilities.	1	2	3	4	5
f) Reconstructing Beacon Hill Road and a section of Sheridan Avenue, as well as 29th Street curb, gutter and sidewalk improvements in Cody.	1	2	3	4	5
g) Improvements in Powell along Absaroka Street (from Third to Seventh), including rebuilding the water line; street widening; storm drains; curb, gutter and sidewalks; trees; and ADA projects.	1	2	3	4	5
h) Storm drainage improvements along Division Street in Powell—from Avenue E to Seventh Street—including ADA ramps at corners, as well as improvements to Grand Street (overlay), widening of A,B,C and D avenues, and repaving of Seventh Street (from Bernard to Division).	1	2	3	4	5
i) Water, sewer, street and solid waste management projects in Meeteetse, including 65-year-old water distribution line replacement along Hwy 290, water treatment plant and tank improvements, fire hydrant upgrades, pump station rehabilitation, storm drain and street chip sealing.	1	2	3	4	5

**Q4.** Some residents would like to see a 1% General Purpose Tax fund non-infrastructure projects. On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Recreation-related projects like bike paths, ball fields, horse trails and skate parks.	1	2	3	4	5
b) Funding for community groups and organizations like senior citizen centers, food banks and Boys and Girls Clubs.	1	2	3	4	5
c) Endowments to go toward operating costs of swimming pools, recreation centers and similar facilities.	1	2	3	4	5

**Q5.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ |   |   | Very<br>Convincing |
|--|--------------------------|--------|---|---|--------------------|
| a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects.  | 1                        | 2      | 3 | 4 | 5                  |
| b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.     | 1                        | 2      | 3 | 4 | 5                  |
| c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.   | 1                        | 2      | 3 | 4 | 5                  |
| d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.   | 1                        | 2      | 3 | 4 | 5                  |
| e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.   | 1                        | 2      | 3 | 4 | 5                  |
| f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.    | 1                        | 2      | 3 | 4 | 5                  |
| g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County. | 1                        | 2      | 3 | 4 | 5                  |

**Q6.** Following are some arguments people have made against Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote AGAINST Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ |   |   | Very<br>Convincing |
|--|--------------------------|--------|---|---|--------------------|
| a) The State already has in place a 4% sales tax. Adding another 1% sales and use tax is a 25% increase. That's too much of a tax burden.  | 1                        | 2      | 3 | 4 | 5                  |
| b) With the oil and gas industry struggling statewide, now is not the time to be increasing taxes.   | 1                        | 2      | 3 | 4 | 5                  |
| c) Park County, Cody, Powell and Meeteetse should be setting aside existing tax dollars to tackle large infrastructure projects, rather than raising taxes.  | 1                        | 2      | 3 | 4 | 5                  |
| d) Local retailers could be negatively impacted from a 1% sales and use tax increase as a result of fewer purchases being made within Park County.   | 1                        | 2      | 3 | 4 | 5                  |
| e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income.  | 1                        | 2      | 3 | 4 | 5                  |
| f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years.                          | 1                        | 2      | 3 | 4 | 5                  |
| g) It makes more sense for Park County to pursue a 1% Specific Purpose Tax rather than a 1% General Purpose Tax. The 1% Specific Purpose Tax goes away once the specific projects are fully funded. (Refer to Fact Sheet for additional details regarding the difference between these two taxes.) | 1                        | 2      | 3 | 4 | 5                  |

However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.     | 1                        | 2      | 3 | ④ | 5                  |
| c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.   | 1                        | 2      | 3 | ④ | 5                  |
| d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.   | 1                        | 2      | 3 | ④ | 5                  |
| e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.   | 1                        | 2      | 3 | ④ | 5                  |
| f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.    | 1                        | 2      | 3 | ④ | 5                  |
| g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County. | 1                        | 2      | 3 | ④ | 5                  |

# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or *5th Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?
- In your opinion, are there projects that should—or should not—be funded with this type of tax?
- Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

## PLEASE REVIEW "JUST THE FACTS" DOCUMENT BEFORE COMPLETING SURVEY

**Q3.** There are a number of projects that the proposed 1% General Purpose Tax would address (as further detailed in the enclosed Fact Sheet). On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Repairing Park County's bridges that are in the greatest need of improvements.	1	2	3	4	5
b) Repairing or replacing roadways in Park County to extend their useful life and enhance vehicle safety.	1	2	3	4	5
c) Constructing a water storage tank off of Beacon Hill in Cody to improve fire protection, water storage and water system maintenance.	1	2	3	4	5
d) Upgrading Cody's wastewater lagoon system, parts of the existing storm drainage system, and irrigation system improvements.	1	2	3	4	5
e) Completing ADA ramp projects throughout Cody to improve accessibility for persons with disabilities.	1	2	3	4	5
f) Reconstructing Beacon Hill Road and a section of Sheridan Avenue, as well as 29th Street curb, gutter and sidewalk improvements in Cody.	1	2	3	4	5
g) Improvements in Powell along Absaroka Street (from Third to Seventh), including rebuilding the water line; street widening; storm drains; curb, gutter and sidewalks; trees; and ADA projects.	1	2	3	4	5
h) Storm drainage improvements along Division Street in Powell—from Avenue E to Seventh Street—including ADA ramps at corners, as well as improvements to Grand Street (overlay), widening of A,B,C and D avenues, and repaving of Seventh Street (from Bernard to Division).	1	2	3	4	5
i) Water, sewer, street and solid waste management projects in Meeteetse, including 65-year-old water distribution line replacement along Hwy 290, water treatment plant and tank improvements, fire hydrant upgrades, pump station rehabilitation, storm drain and street chip sealing.	1	2	3	4	5

**Q4.** Some residents would like to see a 1% General Purpose Tax fund non-infrastructure projects. On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Recreation-related projects like bike paths, ball fields, horse trails and skate parks.	1	2	3	4	5
b) Funding for community groups and organizations like senior citizen centers, food banks and Boys and Girls Clubs.	1	2	3	4	5
c) Endowments to go toward operating costs of swimming pools, recreation centers and similar facilities.	1	2	3	4	5

**Q5.** Following are some arguments people have made against Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote AGAINST Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ |   |   | Very<br>Convincing |
|--|--------------------------|--------|---|---|--------------------|
|  | 1                        | 2      | 3 | 4 | 5                  |
| a) The State already has in place a 4% sales tax. Adding another 1% sales and use tax is a 25% increase. That's too much of a tax burden.  | 1                        | 2      | 3 | 4 | 5                  |
| b) With the oil and gas industry struggling statewide, now is not the time to be increasing taxes.   | 1                        | 2      | 3 | 4 | 5                  |
| c) Park County, Cody, Powell and Meeteetse should be setting aside existing tax dollars to tackle large infrastructure projects, rather than raising taxes.  | 1                        | 2      | 3 | 4 | 5                  |
| d) Local retailers could be negatively impacted from a 1% sales and use tax increase as a result of fewer purchases being made within Park County.   | 1                        | 2      | 3 | 4 | 5                  |
| e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income.  | 1                        | 2      | 3 | 4 | 5                  |
| f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years.                          | 1                        | 2      | 3 | 4 | 5                  |
| g) It makes more sense for Park County to pursue a 1% Specific Purpose Tax rather than a 1% General Purpose Tax. The 1% Specific Purpose Tax goes away once the specific projects are fully funded. (Refer to Fact Sheet for additional details regarding the difference between these two taxes.) | 1                        | 2      | 3 | 4 | 5                  |

**Q6.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ |   |   | Very<br>Convincing |
|--|--------------------------|--------|---|---|--------------------|
|  | 1                        | 2      | 3 | 4 | 5                  |
| a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects.  | 1                        | 2      | 3 | 4 | 5                  |
| b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.     | 1                        | 2      | 3 | 4 | 5                  |
| c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.   | 1                        | 2      | 3 | 4 | 5                  |
| d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.   | 1                        | 2      | 3 | 4 | 5                  |
| e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.   | 1                        | 2      | 3 | 4 | 5                  |
| f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.    | 1                        | 2      | 3 | 4 | 5                  |
| g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County. | 1                        | 2      | 3 | 4 | 5                  |

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th *Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- **What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?**
- **In your opinion, are there projects that should—or should not—be funded with this type of tax?**
- **Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?**

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**Q5.** Following are some arguments people have made against Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote AGAINST Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

	Not At All Convincing	←————→			Very Convincing
	1	2	3	4	5
a) The State already has in place a 4% sales tax. Adding another 1% sales and use tax is a 25% increase. That's too much of a tax burden.	1	2	3	4	5
b) With the oil and gas industry struggling statewide, now is not the time to be increasing taxes.	1	2	3	4	5
c) Park County, Cody, Powell and Meeteetse should be setting aside existing tax dollars to tackle large infrastructure projects, rather than raising taxes.	1	2	3	4	5
d) Local retailers could be negatively impacted from a 1% sales and use tax increase as a result of fewer purchases being made within Park County.	1	2	3	4	5
e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income.	1	2	3	4	5
f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years.	1	2	3	4	5
g) It makes more sense for Park County to pursue a 1% Specific Purpose Tax rather than a 1% General Purpose Tax. The 1% Specific Purpose Tax goes away once the specific projects are fully funded. (Refer to Fact Sheet for additional details regarding the difference between these two taxes.)	1	2	3	4	5

**Q6.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

	Not At All Convincing	←————→			Very Convincing
	1	2	3	4	5
a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects.	1	2	3	4	5
b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.	1	2	3	4	5
c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.	1	2	3	4	5
d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.	1	2	3	4	5
e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.	1	2	3	4	5
f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.	1	2	3	4	5
g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County.	1	2	3	4	5

# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or *5th Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- **What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?**
- **In your opinion, are there projects that should—or should not—be funded with this type of tax?**
- **Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?**

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

## PLEASE REVIEW "JUST THE FACTS" DOCUMENT BEFORE COMPLETING SURVEY

**Q1.** Before receiving the enclosed information, how much had you read, seen or heard about Park County considering placing a 1% General Purpose Sales & Use Tax on the November 2016 ballot? **(Please check one)**

- A lot
- Some
- Hardly anything
- Nothing at all

**Q2.** Many residents are not familiar with the ins and outs of the 1% General Purpose Sales & Use Tax, including how the tax is calculated, the types of purchases that are exempt and the percentage of revenues that go back to local governments. Before receiving the enclosed information, how familiar were you with the details of this tax? **(Please check one)**

- A lot
- Some
- A Little
- Nothing at all

**Q3.** There are a number of projects that the proposed 1% General Purpose Tax would address (as further detailed in the enclosed Fact Sheet). On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% General Purpose Tax, 1% Optional Tax or 5th Cent Tax). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?
- In your opinion, are there projects that should—or should not—be funded with this type of tax?
- Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? **(Please circle one number next to each item):**

- |  | Not At All<br>Convincing | ←————→ |   |   | Very<br>Convincing |
|--|--------------------------|--------|---|---|--------------------|
| a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects.  | ①                        | 2      | 3 | 4 | 5                  |
| b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.     | ①                        | 2      | 3 | 4 | 5                  |
| c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.   | ①                        | 2      | 3 | 4 | 5                  |
| d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.   | ①                        | 2      | 3 | 4 | 5                  |
| e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.   | ①                        | 2      | 3 | 4 | 5                  |
| f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.    | ①                        | 2      | 3 | 4 | 5                  |
| g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County. | ①                        | 2      | 3 | 4 | 5                  |

| a) The State already has in place a 4% sales tax. Adding another 1% sales and use tax is a 25% increase. That's too much of a tax burden.  | ①                        | 2      | 3 | 4 | 5                  |
| b) With the oil and gas industry struggling statewide, now is not the time to be increasing taxes.   | ①                        | 2      | 3 | 4 | 5                  |
| c) Park County, Cody, Powell and Meeteetse should be setting aside existing tax dollars to tackle large infrastructure projects, rather than raising taxes.  | ①                        | 2      | 3 | 4 | 5                  |
| d) Local retailers could be negatively impacted from a 1% sales and use tax increase as a result of fewer purchases being made within Park County.   | ①                        | 2      | 3 | 4 | 5                  |
| e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income.  | ①                        | 2      | 3 | 4 | 5                  |
| f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years.                          | ①                        | 2      | 3 | 4 | 5                  |
| g) It makes more sense for Park County to pursue a 1% Specific Purpose Tax rather than a 1% General Purpose Tax. The 1% Specific Purpose Tax goes away once the specific projects are fully funded. (Refer to Fact Sheet for additional details regarding the difference between these two taxes.) | ①                        | 2      | 3 | 4 | 5                  |

# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th Cent Tax). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?
- In your opinion, are there projects that should—or should not—be funded with this type of tax?
- Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% General Purpose Tax, 1% Optional Tax or 5th Cent Tax). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?
- In your opinion, are there projects that should—or should not—be funded with this type of tax?
- Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

**Q4.** Some residents would like to see a 1% General Purpose Tax fund non-infrastructure projects. On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Recreation-related projects like bike paths, ball fields, horse trails and skate parks.	1	2	3	4	5
b) Funding for community groups and organizations like senior citizen centers, food banks and Boys and Girls Clubs.	1	2	3	4	5
c) Endowments to go toward operating costs of swimming pools, recreation centers and similar facilities.	1	2	3	4	5

**Q5.** Following are some arguments people have made against Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote AGAINST Park County's proposed 1% General Purpose Tax? **(Please circle one number next to each item):**

Not At All Convincing ←————→ Very Convincing

- a) The State already has in place a 4% sales tax. Adding another 1% sales and use tax is a 25% increase. That's too much of a tax burden. 1 2 3 4 5

---

- b) With the oil and gas industry struggling statewide, now is not the time to be increasing taxes. 1 2 3 4 5

---

- c) Park County, Cody, Powell and Meeteetse should be setting aside existing tax dollars to tackle large infrastructure projects, rather than raising taxes. 1 2 3 4 5

---

- d) Local retailers could be negatively impacted from a 1% sales and use tax increase as a result of fewer purchases being made within Park County. 1 2 3 4 5

---

- e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income. 1 2 3 4 5

---

- f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years. 1 2 3 4 5

---

- g) It makes more sense for Park County to pursue a 1% Specific Purpose Tax rather than a 1% General Purpose Tax. The 1% Specific Purpose Tax goes away once the specific projects are fully funded. (Refer to Fact Sheet for additional details regarding the difference between these two taxes.) 1 2 3 4 5

**Q6.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? **(Please circle one number next to each item):**

Not At All Convincing ←————→ Very Convincing

- a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects. 1 2 3 4 5

---

- b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax. 1 2 3 4 5

---

- c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue. 1 2 3 4 5

---

- d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse. 1 2 3 4 5

---

- e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment. 1 2 3 4 5

---

- f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County. 1 2 3 4 5

---

- g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County. 1 2 3 4 5

# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th *Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?
- In your opinion, are there projects that should—or should not—be funded with this type of tax?
- Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

## PLEASE REVIEW "JUST THE FACTS" DOCUMENT BEFORE COMPLETING SURVEY

- A lot  
 Some  
 Hardly anything  
 Nothing at all

**Q2.** Many residents are not familiar with the ins and outs of the 1% General Purpose Sales & Use Tax, including how the tax is calculated, the types of purchases that are exempt and the percentage of revenues that go back to local governments. Before receiving the enclosed information, how familiar were you with the details of this tax? **(Please check one)**

- A lot  
 Some  
 A Little  
 Nothing at all

**Q3.** There are a number of projects that the proposed 1% General Purpose Tax would address (as further detailed in the enclosed Fact Sheet). On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→	High Priority
a) Repairing Park County's bridges that are in the greatest need of improvements.	1	(2)	3 4 5
b) Repairing or replacing roadways in Park County to extend their useful life and enhance vehicle safety.	1	2	3 (4) 5
c) Constructing a water storage tank off of Beacon Hill in Cody to improve fire protection, water storage and water system maintenance.	1	2	(3) 4 5
d) Upgrading Cody's wastewater lagoon system, parts of the existing storm drainage system, and irrigation system improvements.	1	2	(3) 4 5
e) Completing ADA ramp projects throughout Cody to improve accessibility for persons with disabilities.	1	2	(3) 4 5
f) Reconstructing Beacon Hill Road and a section of Sheridan Avenue, as well as 29th Street curb, gutter and sidewalk improvements in Cody.	1	(2)	3 4 5
g) Improvements in Powell along Absaroka Street (from Third to Seventh), including rebuilding the water line; street widening; storm drains; curb, gutter and sidewalks; trees; and ADA projects.	1	2	3 4 (5)
h) Storm drainage improvements along Division Street in Powell—from Avenue E to Seventh Street—including ADA ramps at corners, as well as improvements to Grand Street (overlay), widening of A,B,C and D avenues, and repaving of Seventh Street (from Bernard to Division).	1	2	(3) 4 5
i) Water, sewer, street and solid waste management projects in Meeteetse, including 65-year-old water distribution line replacement along Hwy 290, water treatment plant and tank improvements, fire hydrant upgrades, pump station rehabilitation, storm drain and street chip sealing.	1	2	(3) 4 5

**Q4.** Some residents would like to see a 1% General Purpose Tax fund non-infrastructure projects. On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→	High Priority
a) Recreation-related projects like bike paths, ball fields, horse trails and skate parks.	1	2	3 (4) 5
b) Funding for community groups and organizations like senior citizen centers, food banks and Boys and Girls Clubs.	(1)	2	3 4 5
c) Endowments to go toward operating costs of swimming pools, recreation centers and similar facilities.	(1)	2	3 4 5

**Q5.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ |   |   | Very<br>Convincing |
|--|--------------------------|--------|---|---|--------------------|
| a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects.  | 1                        | 2      | 3 | 4 | 5                  |
| b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.     | 1                        | 2      | 3 | 4 | 5                  |
| c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.   | 1                        | 2      | 3 | 4 | 5                  |
| d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.   | 1                        | 2      | 3 | 4 | 5                  |
| e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.   | 1                        | 2      | 3 | 4 | 5                  |
| f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.    | 1                        | 2      | 3 | 4 | 5                  |
| g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00. Many residents consider this a reasonable amount to pay to protect critical infrastructure, property values and our ability to attract and retain local businesses in Park County. | 1                        | 2      | 3 | 4 | 5                  |

**Q6.** Following are some arguments people have made against Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote AGAINST Park County's proposed 1% General Purpose Tax? (Please circle one number next to each item):

- |  | Not At All<br>Convincing | ←————→ |   |   | Very<br>Convincing |
|--|--------------------------|--------|---|---|--------------------|
| a) The State already has in place a 4% sales tax. Adding another 1% sales and use tax is a 25% increase. That's too much of a tax burden.  | 1                        | 2      | 3 | 4 | 5                  |
| b) With the oil and gas industry struggling statewide, now is not the time to be increasing taxes.   | 1                        | 2      | 3 | 4 | 5                  |
| c) Park County, Cody, Powell and Meeteetse should be setting aside existing tax dollars to tackle large infrastructure projects, rather than raising taxes.  | 1                        | 2      | 3 | 4 | 5                  |
| d) Local retailers could be negatively impacted from a 1% sales and use tax increase as a result of fewer purchases being made within Park County.   | 1                        | 2      | 3 | 4 | 5                  |
| e) The 1% General Purpose Tax will cost the average household in Park County an additional \$80 per year. That amount of a tax increase will likely be a hardship for many low-income families and seniors on a fixed income.  | 1                        | 2      | 3 | 4 | 5                  |
| f) While voters in Park County would have the opportunity to vote on the 1% General Purpose Tax after it has been in place for four years, it's unlikely that it will be voted down once it's in place. Voters in other counties keep voting the tax in every four years.                          | 1                        | 2      | 3 | 4 | 5                  |
| g) It makes more sense for Park County to pursue a 1% Specific Purpose Tax rather than a 1% General Purpose Tax. The 1% Specific Purpose Tax goes away once the specific projects are fully funded. (Refer to Fact Sheet for additional details regarding the difference between these two taxes.) | 1                        | 2      | 3 | 4 | 5                  |

# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th *Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- **What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?**
- **In your opinion, are there projects that should—or should not—be funded with this type of tax?**
- **Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?**

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

Park County • City of Cody • City of Powell • Town of Meeteetse

MARCH 2016

## Where do we go from here?

In November 2012, almost four years ago, Park County voters turned down a 1% General Purpose Sales & Use Tax (often referred to as the 1% *General Purpose Tax*, 1% *Optional Tax* or 5th *Cent Tax*). Proceeds of the 1% General Purpose Tax would have gone toward road and street improvements, water and sewer projects, bridge improvements and other infrastructure projects throughout Park County.

The infrastructure projects that would have been funded by the 1% General Purpose Tax have not gone away. In fact, the cost of many of these projects has increased. And to make things more challenging, the State of Wyoming has reduced funding to Wyoming counties and municipalities.

Given the need to address high priority infrastructure projects and ongoing infrastructure maintenance—coupled with the State's recent funding cuts—Park County, Cody, Powell and Meeteetse are considering returning to the ballot with a 1% General Purpose Tax proposal. However, no action will be taken until you—our taxpayers—are given the opportunity to provide your thoughts and recommendations.

Following are the types of questions we'd like to get your input on as we evaluate how best to fund our highest priority infrastructure needs:

- What are your concerns, if any, regarding a 1% General Purpose Sales & Use Tax?
- In your opinion, are there projects that should—or should not—be funded with this type of tax?
- Would you prefer to see a 1% Specific Purpose Tax on the ballot to address infrastructure needs rather than a 1% General Purpose Tax?

Before completing the attached survey, please take a few minutes to review the enclosed "Just The Facts" sheet, which provides additional information regarding the 1% General Purpose Tax and proposed use of proceeds.

Nothing is set in stone regarding the 1% General Purpose Tax proposal until we gather additional community feedback. We sincerely mean that. We do not want to pursue another tax proposal if there is not going to be strong county-wide support from our residents.

**You have the final word. Always.**

# PUBLIC OPINION SURVEY

**Thank you for participating in this important Public Opinion Survey.** The results of this survey will play an important role in whether or not a 1% General Purpose Sales & Use Tax is pursued this fall and the composition of that proposal, if pursued. Please review the following questions, review with other members of your household, and complete the survey. A self-addressed, postage-paid envelope is enclosed for your convenience. **All responses are anonymous. The results will be independently tallied and reported by a third-party firm. Please complete and return the survey by April 22, 2016. All surveys must be returned in the postage-paid reply envelope provided. Thank you for participating.**

## PLEASE REVIEW "JUST THE FACTS" DOCUMENT BEFORE COMPLETING SURVEY

**Q3.** There are a number of projects that the proposed 1% General Purpose Tax would address (as further detailed in the enclosed Fact Sheet). On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Repairing Park County's bridges that are in the greatest need of improvements.	1	2	3	4	5
b) Repairing or replacing roadways in Park County to extend their useful life and enhance vehicle safety.	1	2	3	4	5
c) Constructing a water storage tank off of Beacon Hill in Cody to improve fire protection, water storage and water system maintenance.	1	2	3	4	5
d) Upgrading Cody's wastewater lagoon system, parts of the existing storm drainage system, and irrigation system improvements.	1	2	3	4	5
e) Completing ADA ramp projects throughout Cody to improve accessibility for persons with disabilities.	1	2	3	4	5
f) Reconstructing Beacon Hill Road and a section of Sheridan Avenue, as well as 29th Street curb, gutter and sidewalk improvements in Cody.	1	2	3	4	5
g) Improvements in Powell along Absaroka Street (from Third to Seventh), including rebuilding the water line; street widening; storm drains; curb, gutter and sidewalks; trees; and ADA projects.	1	2	3	4	5
h) Storm drainage improvements along Division Street in Powell—from Avenue E to Seventh Street—including ADA ramps at corners, as well as improvements to Grand Street (overlay), widening of A,B,C and D avenues, and repaving of Seventh Street (from Bernard to Division).	1	2	3	4	5
i) Water, sewer, street and solid waste management projects in Meeteetse, including 65-year-old water distribution line replacement along Hwy 290, water treatment plant and tank improvements, fire hydrant upgrades, pump station rehabilitation, storm drain and street chip sealing.	1	2	3	4	5

**Q4.** Some residents would like to see a 1% General Purpose Tax fund non-infrastructure projects. On a scale of 1 to 5, what priority should be placed on funding each of the following projects with a 1% General Purpose Tax? **(Please circle one number next to each item):**

	Low Priority	←————→			High Priority
a) Recreation-related projects like bike paths, ball fields, horse trails and skate parks.	1	2	3	4	5
b) Funding for community groups and organizations like senior citizen centers, food banks and Boys and Girls Clubs.	1	2	3	4	5
c) Endowments to go toward operating costs of swimming pools, recreation centers and similar facilities.	1	2	3	4	5

**Q5.** Following are some arguments people have made in favor of Park County's 1% General Purpose Tax proposal. On a scale from 1 to 5, with 1 being "Not At All Convincing" and 5 being "Very Convincing", how would you rate each of the following arguments as a reason to vote IN FAVOR of Park County's proposed 1% General Purpose Tax? **(Please circle one number next to each item):**

| a) With the State of Wyoming cutting funding to Park County, Cody, Powell and Meeteetse, revenues from a 1% General Purpose Tax are more important than ever to address high priority street, bridge, water, sewer and other infrastructure projects.  | 1 | 2 | 3 | 4 | 5 |
| b) Unlike the existing 4% Sales & Use Tax, in which local governments get to keep only 30% of the tax revenues, local governments get to keep 99% of the 1% General Purpose Tax revenues. This is an important reason why 21 of 23 counties in Wyoming have approved the 1% General Purpose Tax.     | 1 | 2 | 3 | 4 | 5 |
| c) The 1% General Purpose Tax would have a four-year renewal election in Park County. The tax would have to be approved by voters every four years for it to continue.   | 1 | 2 | 3 | 4 | 5 |
| d) Revenues from a voter-approved 1% General Purpose Tax would be distributed based on size of population. For example, 43% of the tax revenues would go to Park County, 34% to Cody, 22% to Powell and 1% to Meeteetse.   | 1 | 2 | 3 | 4 | 5 |
| e) There are 49 exemptions from the 1% General Purpose Tax, according to State Statute 39-15-105, including real estate purchases, food, fuel, fertilizer, livestock, feed and farm equipment.   | 1 | 2 | 3 | 4 | 5 |
| f) Revenue from a voter-approved 1% General Purpose Tax would include sales tax generated inside Yellowstone National Park. In fact, the Wyoming Department of Revenue estimates that about 30% of the 1% General Purpose Tax in Park County would be paid by travelers from outside Park County.    | 1 | 2 | 3 | 4 | 5 |
| g) For a \$10 purchase, the tax is an additional 10 cents. For a \$100 purchase, the tax is an additional \$1.00.
